

TranslationsXXX Launches Multilingual SEO Service TranslationsSEO

APR 21 – TranslationsXXX, the adult industries leading translation services provider, has announced the expansion of their businesses to include multilingual SEO services. The move has seen the addition of new team members that are recognized SEO experts in their respective languages.

TranslationsSEO, the name of the service, will offer a full-service and onsite optimization for web pages in Italian, English, Spanish, French and German. Some of the offered services will include keyword research, title and meta tag creation, internal linking, keyword rich content editing or creation and more.

Lucie, Director of Business Development at TranslationsXXX, said that the addition of the services was really a response to the needs of their customers. “We now have SEO specialists in 5 languages onboard and have already begun optimizing translated pages for our existing clientele. By pairing the SEO and translation services we’re allowing clients to really make the most of their campaigns into new markets overseas.”
